Antiguos folletos del Fiat 500

Todo comenzó en julio de 1899, con la fundación de la Fabbrica Italiana Automobili Torino como primera empresa automovilística de Italia. En 1900, la cadena de montaje, en la que trabajaban solo 150 personas, ya había producido 24 coches Fiat 3½ HP. Más adelante, Fiat fabricaría de todo: desde locomotoras hasta tractores agrícolas; sin embargo, la pasión de la empresa sería siempre el automóvil. A lo largo de sus 120 años de historia, Fiat ha interpretado constantemente un papel visionario en la permanente evolución de lo que los fundadores de la empresa llamaron “movilidad democrática”.

2015 - present
FIAT 500

Puesto a la venta en 1957, el inconfundible 500 (*cinquecento*, en italiano) fue la respuesta de la empresa a la creciente necesidad de un coche que resultara a la vez económico y práctico. El sedán, de dos puertas y cuatro asientos, era un vehículo asequible y compacto que medía solo 2,97 m de longitud y venía equipado con un motor trasero refrigerado por aire de 479 cc y dos cilindros. La verdadera brillantez del diseño residía en que, a pesar de superar el desafío tecnológico de reducir el tamaño de todos los componentes, no renunciaba al espíritu juvenil y atemporal que caracteriza al 500.

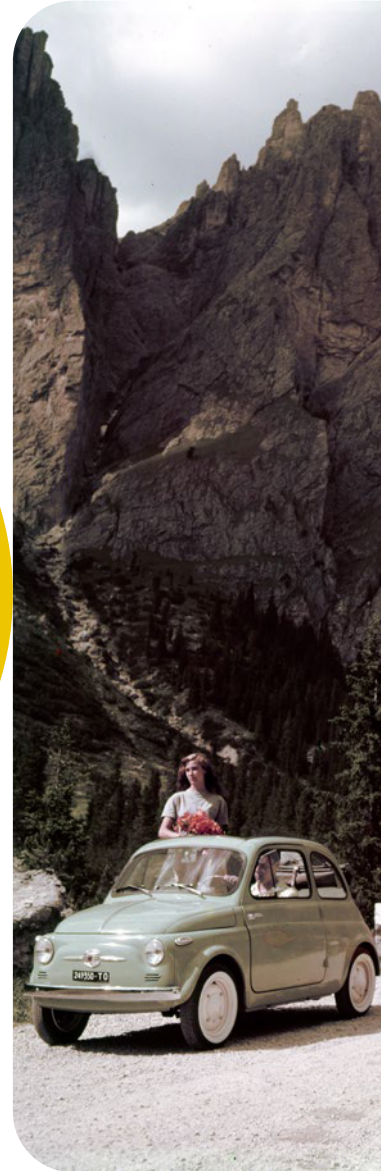

LA DOLCE VITA

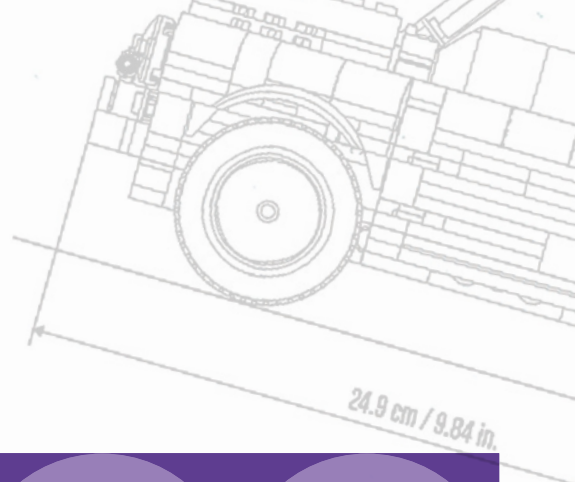

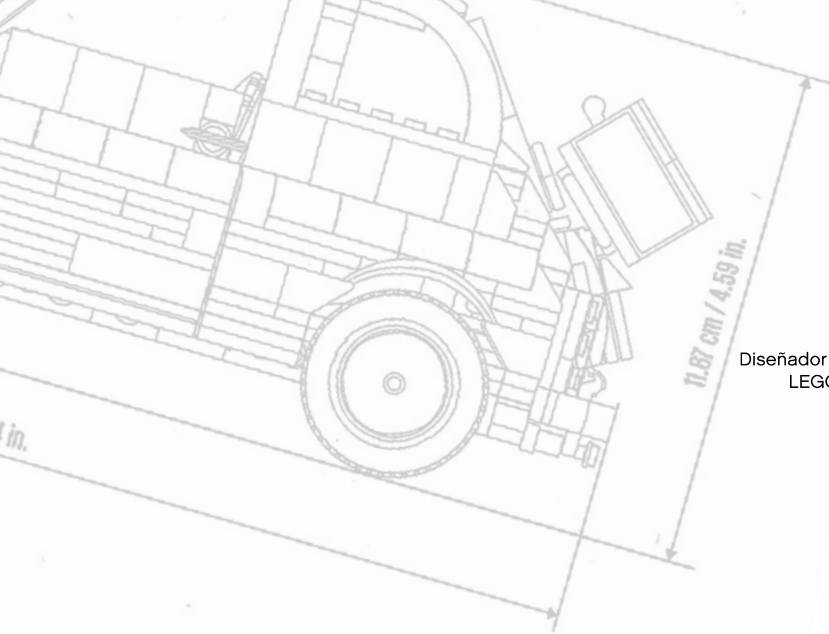

En muchos sentidos, el lanzamiento del Fiat 500 representaba el espíritu de la época, particularmente en la Italia de mediados de la década de 1950, que experimentaba un auge económico y un renacimiento cultural. El 500 se convirtió rápidamente en el símbolo de una generación decidida a saborear lo que en italiano se conoció como *la dolce vita*.

El desafío

Pierre Normandin

Diseñador sénior de LEGO®
LEGO Creator Expert

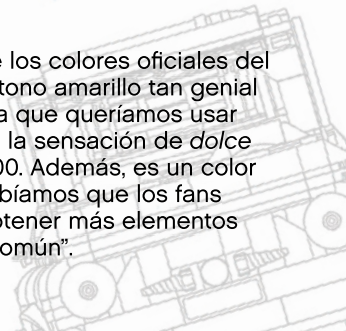

Curvas

“Capturar el carácter compacto y las formas curvas fue, probablemente, el mayor desafío al que me enfrenté al crear este modelo. El diseño fue cambiando día a día hasta que nos pareció tener algo lo más parecido posible al aspecto que queríamos. Estoy muy satisfecho con el coche en general, pero los detalles interiores, la puerta trasera y las puertas laterales son algunas de mis partes favoritas. Llevamos una versión preliminar del modelo a Turín (Italia). Fue fantástico conocer la opinión directa de los diseñadores de Fiat y ser testigos de la pasión que sienten por el 500 y su legado”.

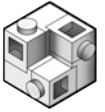

Color

“Aunque nunca llegó a ser uno de los colores oficiales del Fiat 500, nos decidimos por este tono amarillo tan genial por varias razones: la principal era que queríamos usar un color vistoso que se ajustara a la sensación de *dolce vita* a la que suele asociarse el 500. Además, es un color relativamente raro en LEGO® y sabíamos que los fans agradecerían la posibilidad de obtener más elementos LEGO con un aspecto tan poco común”.

CREATOR™

EXPERT

Son los detalles más pequeños los que marcan las mayores diferencias en un modelo LEGO® Creator Expert, y esta versión del Fiat 500 F cuenta con numerosas funciones y características de enorme realismo que tratan de capturar el inconfundible espíritu del vehículo original.

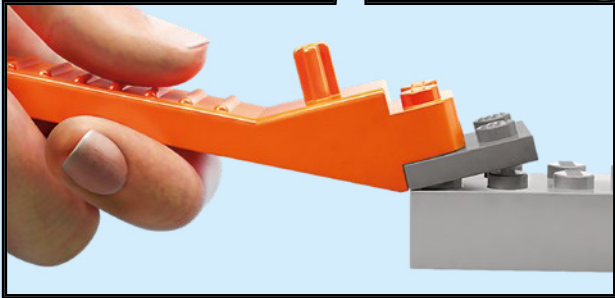

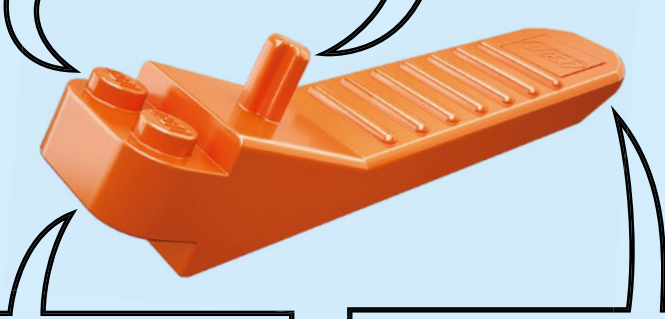

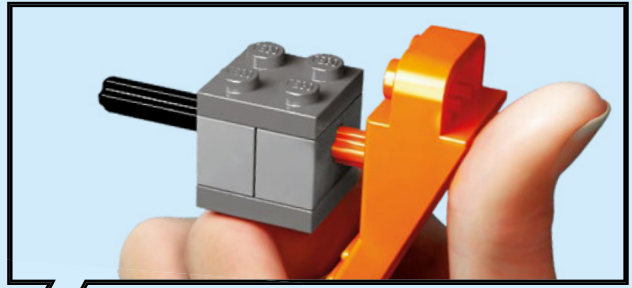

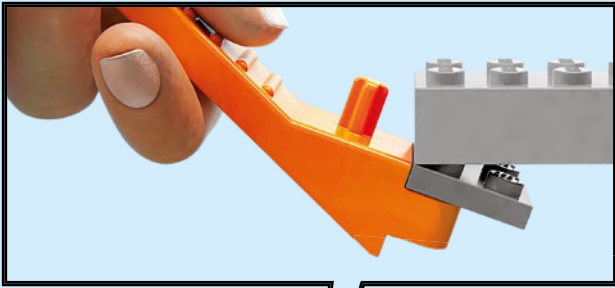

500

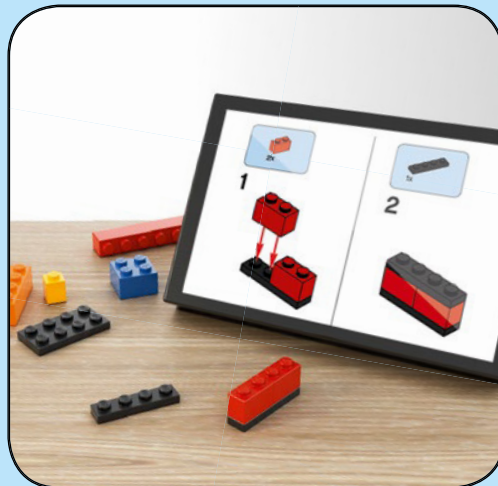

La serie 500 original se fabricó entre 1957 y 1975. A pesar de su pequeño tamaño, resultó ser un vehículo enormemente popular. Cincuenta años después de la presentación del primer 500, Fiat lanzó un 500 totalmente renovado aunque de estilo retro para llevar su icono hasta una nueva era.
