Presenting one of the latest additions to the LEGO® Star Wars™ Helmets Collection

Some of our favourite *Star Wars*™ characters have the most profound, intimidating on-screen presence, despite the fact that you can't see their facial expressions. Or maybe that's exactly why. We hope you'll enjoy recreating the intricate details that brought the original designs to life, at a scale that's easy to put together, practical to display and beautiful to look at.

"Go get your ride and take her back to base." – Scout Trooper

75305 Scout Trooper™ Helmet

Compared to Stormtroopers, Imperial Scout Troopers were trained for a wider variety of missions in service of the Empire and were famous for their reconnaissance and infiltration skills. Their helmet visors contained state-of-the-art technology for maximum advantage in any terrain – ideal for patrolling the dense forests of Endor to protect the Death Star shield generator. Get ready to dust off your speeder bike and enjoy building.

Enjoy building!
