

CASTLE AND SPACE INSTRUCTIONS

NO. 5280

TYCO SUPER BLOCKS

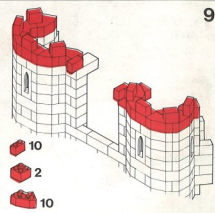

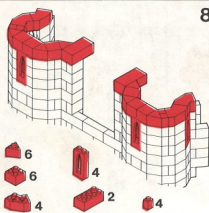

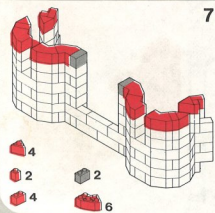

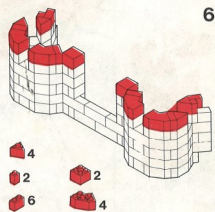

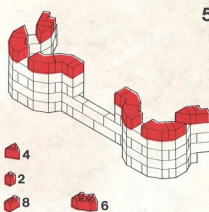

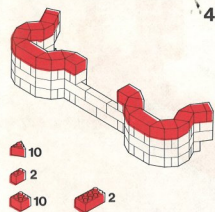

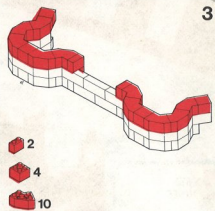

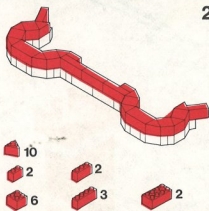

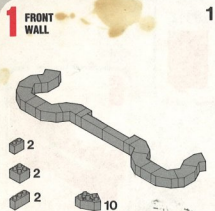

This instruction booklet is divided into three parts:

1. Castle sub-assembly
2. Castle final assembly
3. Space assemblies

- Before starting any construction check the required blocks in each figure.
- Begin construction of castle with sub-assembly 1 and continue step-by-step through sub-assembly 8, and then begin final assembly.
- Instructions for three space vehicles are included. Other models can be built with the various blocks in this set. Refer to pictures on box for placement of decorative stickers.
- Tyco Super Blocks is a system of interlocking blocks, accessories, and figures which stimulate imagination and creativity.
