

## L'OISEAU DE PARADIS

Que vous aimiez l'horticulture ou que vous soyez simplement à la recherche d'une plante à fleurs colorée qui n'exige aucun entretien, nous espérons que cette version LEGO® de l'exotique oiseau de paradis vous procurera des heures de bonheur.

## LES MOTS DE L'ÉQUIPE DE DESIGN

Chris McVeigh a quitté son Canada natal pour devenir designer LEGO® au siège social de LEGO à Billund, au Danemark. Le set de L'oiseau de paradis est le premier modèle qu'il réalise pour la collection botanique LEGO. Chris est particulièrement fier des fleurs personnalisables de son modèle, qui se balance au gré de la brise, comme une vraie plante.

## **STRELITZIA REGINAE**

Cette superbe plante à fleurs originaire d'Afrique du Sud peut atteindre 2 mètres de hauteur. Elle produit une fleur orange vif qui ressemble à la tête d'un oiseau ornée d'une huppe, ce qui lui a valu le nom commun d'« oiseau de paradis ». La beauté éclatante de sa fleur laisse un souvenir impérissable à tous ceux qui la croisent au cours de leurs voyages sous les tropiques.
