

Un icono del automovilismo

La furgoneta es una pieza fundamental de la historia de la automoción. La plataforma trasera descubierta, o caja, permitió cargar y transportar mercancías más rápido y a mayor distancia que nunca, lo que dio lugar a la bestia de trabajo más resistente y versátil de toda una generación. Este singular modelo LEGO® está inspirado en las furgonetas retro de los años 50 e incluye los productos de temporada de una pequeña granja local típica.

Pierre Normandin
Diseñador de LEGO®

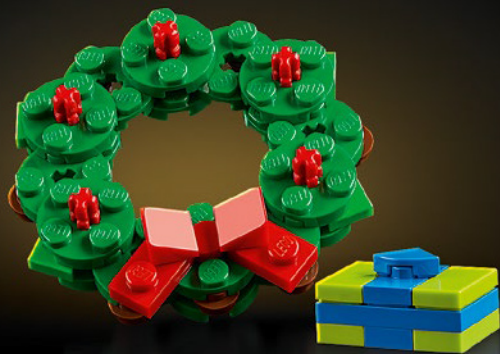

Impresiones del equipo de diseño

El equipo de diseño de LEGO® pasó muchas horas estudiando las clásicas furgonetas de la época y dedicó no menos tiempo a tratar de capturar la emblemática forma y las características propias de un vehículo de este tipo: *"Recrear las formas redondeadas con elementos LEGO resultó ser un desafío muy particular. Además, el modelo tenía que incluir el escalón de la caja, el portón trasero y las barreras laterales de madera desmontables si queríamos alcanzar el máximo grado de fidelidad".*

Las cuatro estaciones

La furgoneta que reproduce este set pertenece a una granja, así que los accesorios representan productos que encontraríamos en un mercado de agricultores en cualquier época del año. Para la primavera, hay una carretilla con flores y una regadera. Para el verano, hay 2 cestas de madera con tomates y zanahorias, y una lechera. Para el otoño, hay una caja con pequeñas calabazas y un letrero. Y, para el invierno, hay una corona y un regalo envuelto.
